Education is one of the blessings of life and one of its necessities. Dear sisters and brothers, dear fellow children we must work not wait not just the politicians and the world leaders we all need to contribute. Me, you. We. It is our duty. We realize the importance of light when we see darkness. We realize the importance of our voice when we are silenced in the same way when we were in Swat, the north of Pakistan we realized the importance of pens and books when we saw the guns. Why is it that countries which we call strong are so powerful in creating wars but are so weak in bringing peace? Why is it. Why is it that giving guns is so easy but giving books is so hard? Why is it. Why is it that making tanks is so easy but building schools is so hard? One child, one teacher, one book and one pen can change the world. Education is the only solution. Education fast. Sam.
